Lift your glad voices and
swell out your lays,
Singing for Mayfield the
loudest of praise.
Honors of glorious victories
abound,
Lift up your voices till
echoes resound.

Sons of our school through the
years always stand,
Shoulder to shoulder and proud
of our land.
Building forever a refuge from
wrong,
Home of the bravest and land
of the strong.

Soft in the evening our songs we will sing,
Memories of school days the harmonies bring.
Go back to Mayfield, ye sons of her fold,
Once more to honor and cheer as of old.

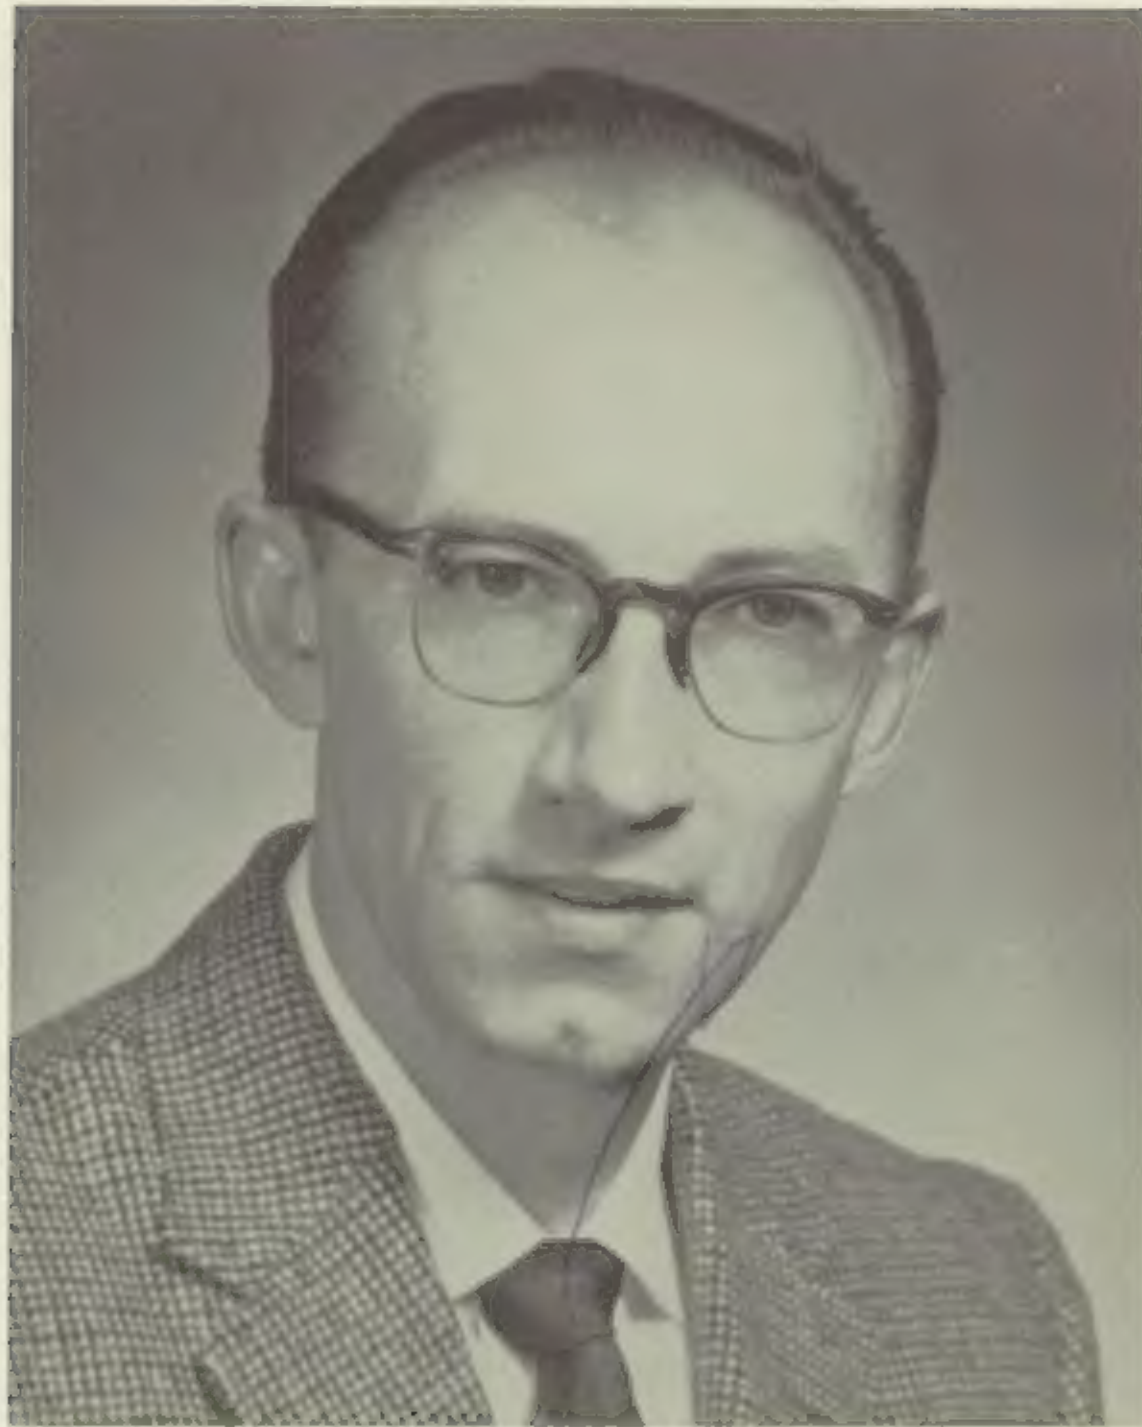

To Our Parents —

We, the class of '60, wish to dedicate our year-book to our parents, who, through their untiring patience and lasting efforts encouraged us to realize our aims in life, and have provided the means of obtaining them.

Throughout the years, our parents have influenced us to judge for ourselves what the future has to offer. We sincerely hope that we shall fulfill their expectations and live up to their highest standards.

In Appreciation

We, as Seniors, greatly appreciate the efforts of our senior advisor, a man who has advised us in all the activities of our senior year. Without the hard work and guidance on the part of this individual, we would undoubtedly never be able to enjoy our senior trip in Washington. Mr. John Slack is the person we thank for making our senior year so pleasant and memorable.

Every student has had Mr. Slack as a teacher during his high school career, and each of us remembers him as a friend willing to help whenever he is needed. We Seniors are sorry to say "good-bye," Mr. Slack.

PRINCIPAL'S MESSAGE

To the Class of '60:

During your lifetime there have been more advancements than in any other comparable period in history. Preservation in the packaging and marketing of foods, the manufacture of so-called miracle fibers, progress in medicine and the control of disease, the harnessing of the atom, resulting in unlimited amounts of energy, rapid transportation by jet propulsion, and mass communication by television are but a few of the fields of research and progress. As a result of these many changes, there are greater opportunities than ever before for young people.

It is my hope that each of you will take advantage of these benefits and enjoy a full and happy life.

Prophecy

DATELINE: Consanguineous Visit

Mayfield, year 2,000 (MP)

Planet Maymeadow, thirty-third universe, visits metropolis Mayfield.

Here at Air Base is the long-awaited MICHAEL HERDMAN, chief pilot of visitors' planes who greet the proud visitors. Mike introduces the Maymeadow to chief engineer, EUGENE MUNSON. Their conversation is interrupted as a reception aggregation and news reporters arrive on the scene. CAROLYN BOOTH has just cut her engines and is the stroke captain we once knew at Mayfield. As the chief of state, I recognize two more former classmates. PATRICIA ZSKA and CELIA COPPER, secretaries, are taking notes on this Mayfield show the event. DALE BURNETT and GILF KOLB, two news reporters, are doing this year's Nobel War Prize Winner - an electro-magnetic camera designed by CHARLES WHITMAN.

KAY HEDEN still is acting hostess. She is escorting our guests from the air base to Lee's Place, where they will dine. DONALD BELLEN, driving an ever-grown Sub, is the chauffeur. ROBERT BELLEN, treasurer of the pageant, has hired JOHN ESCHLER as chief chef. DANIEL LUTHE, head waiter, and the guests as JOAN BLOWERS and DOROTHY GRAY take the evening. SUE RY, PETERSON and BRUCE HIMMELMAN provide the floor show headed by Leg Banger. Yes, EDWARD BANKER heads the chorus line.

The Kronic Kronic editor, RONALD KACZOK, is a gently working on the new story of the arrival of the Maymeadow. BARBARA CRAIG is Ron's top cartoonist and this is the place of the cartoonist. The creation of this daily paper entails meeting various old friends, including HAYES. Short is a very route of her own now - her first stop being the FALLEN BUCK restaurant. CAROL is presently operating two IBM machines, one with each hand. Her secretary, BEVERLE HINDS, lends a hand now and then.

Kay has not arrived at a board of stores, run by NANCY YOST, ELAINE UNGER, and NANCY WHITMAN where the outer space guests spend the night. On a tour of the town, a stop at the local grocery run by DENNIS "Ulysses" JONES is a must. Another point of interest seems to be DONALD LEWIS' famous 4 Finger Grove Shop. Several old classmates are employed here. KAREN AUSTIN, LORAINE BUTTON, CAROL HEISS, JOSEPH KADLE, and DENNIS MILLER. Before leaving, we ask Don why he makes 4 finger groves, and he tells us that he believes that there should be a friendly relationship between persons in this day and age. Another fun trip is to Meeco. Here we stop to observe the community. The third floor of the store houses the official offices of the city. I seem to recall the two top officials. PHYLLIS LUTHE is the publicity committee and S. ARON LUTHE is the Dog Catcher, both being former students. Kay now escorts our guests to Mayfield's second largest industry, the "Candy Sucker Factory" headed by VICTOR MARAIS. ROSEMARIE HADJINGTON, CARL LITTLE and ALAN SWIFT are employed here as models. This industry is a sure good time. ROGER LUTHE and BOB PARMENTER are just returning from the salt mines of Siberia where they had produced. On returning to Mayfield, they stop off at Hot's good place by WILLIAM JELICO. VOMASKA and two Librarians, SANDRA PERRY and CAROL DEKOCKER. When the group arrives back at Mayfield, they are surprised to see the visiting Maymeadowmen.

Before returning to the thirty-third universe, a citizens committee composed of AUDREY BLAND, BETTY JEAN PARRY, SANDRA CARMON, and MARJORIE SMITH have planned a club of rate fare well party. As the stars prepare for take-off, BOB BODUCH has a final farewell to our visitors and welcomes them to touchdown anytime.

I seem to have encountered the entire alumni of the Class of 1954 and discovered where their paths of endeavor have carried them while covering this local news event. Best Wishes to all of your "Kronic Kronic Reporter," PATRICIA ZEH.

Soccer

About 25 boys reported to practice for the 1953 soccer season. Mayfield started the season with two fine wins over Wells and Galway, but Fonda-Fultonville ended the streak. Broadalbin and Perth went down to defeat and a scoreless tie with Northville kept us in league contention. Wells and Galway proved victims again, but Fonda-Fultonville turned the tide 5-2. Broadalbin held us to a scoreless tie and Northville ended the season by beating us to cop the league title.

With the basketball season almost over, the varsity still has a slight chance to win the league crown. Some tough luck in mid-season prevented the team from going further. But with almost half of the squad returning next year, Mayfield should be a strong threat for the championship.

ACTIVITIES

Student Council

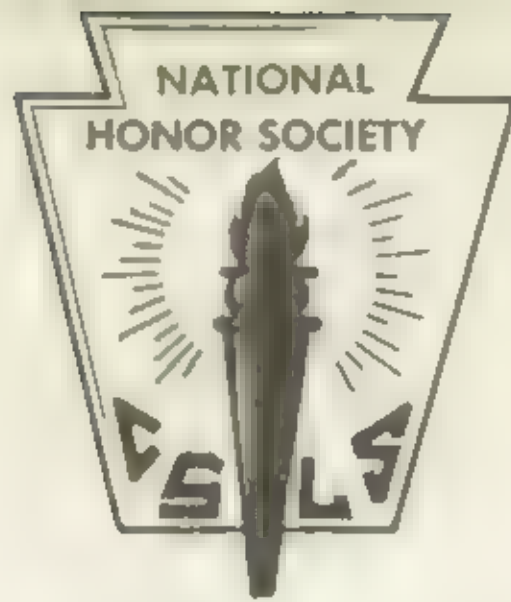

After a colorful campaign, Student Council convened in October. It launched into its first project of adding to the Christmas decorations on the school. Then, after much thoughtful consideration on the corridor problem, Student Council inaugurated the corridor patrol. The new patrol has met with success thus far, and is now acting as a separate unit.

Epilogue

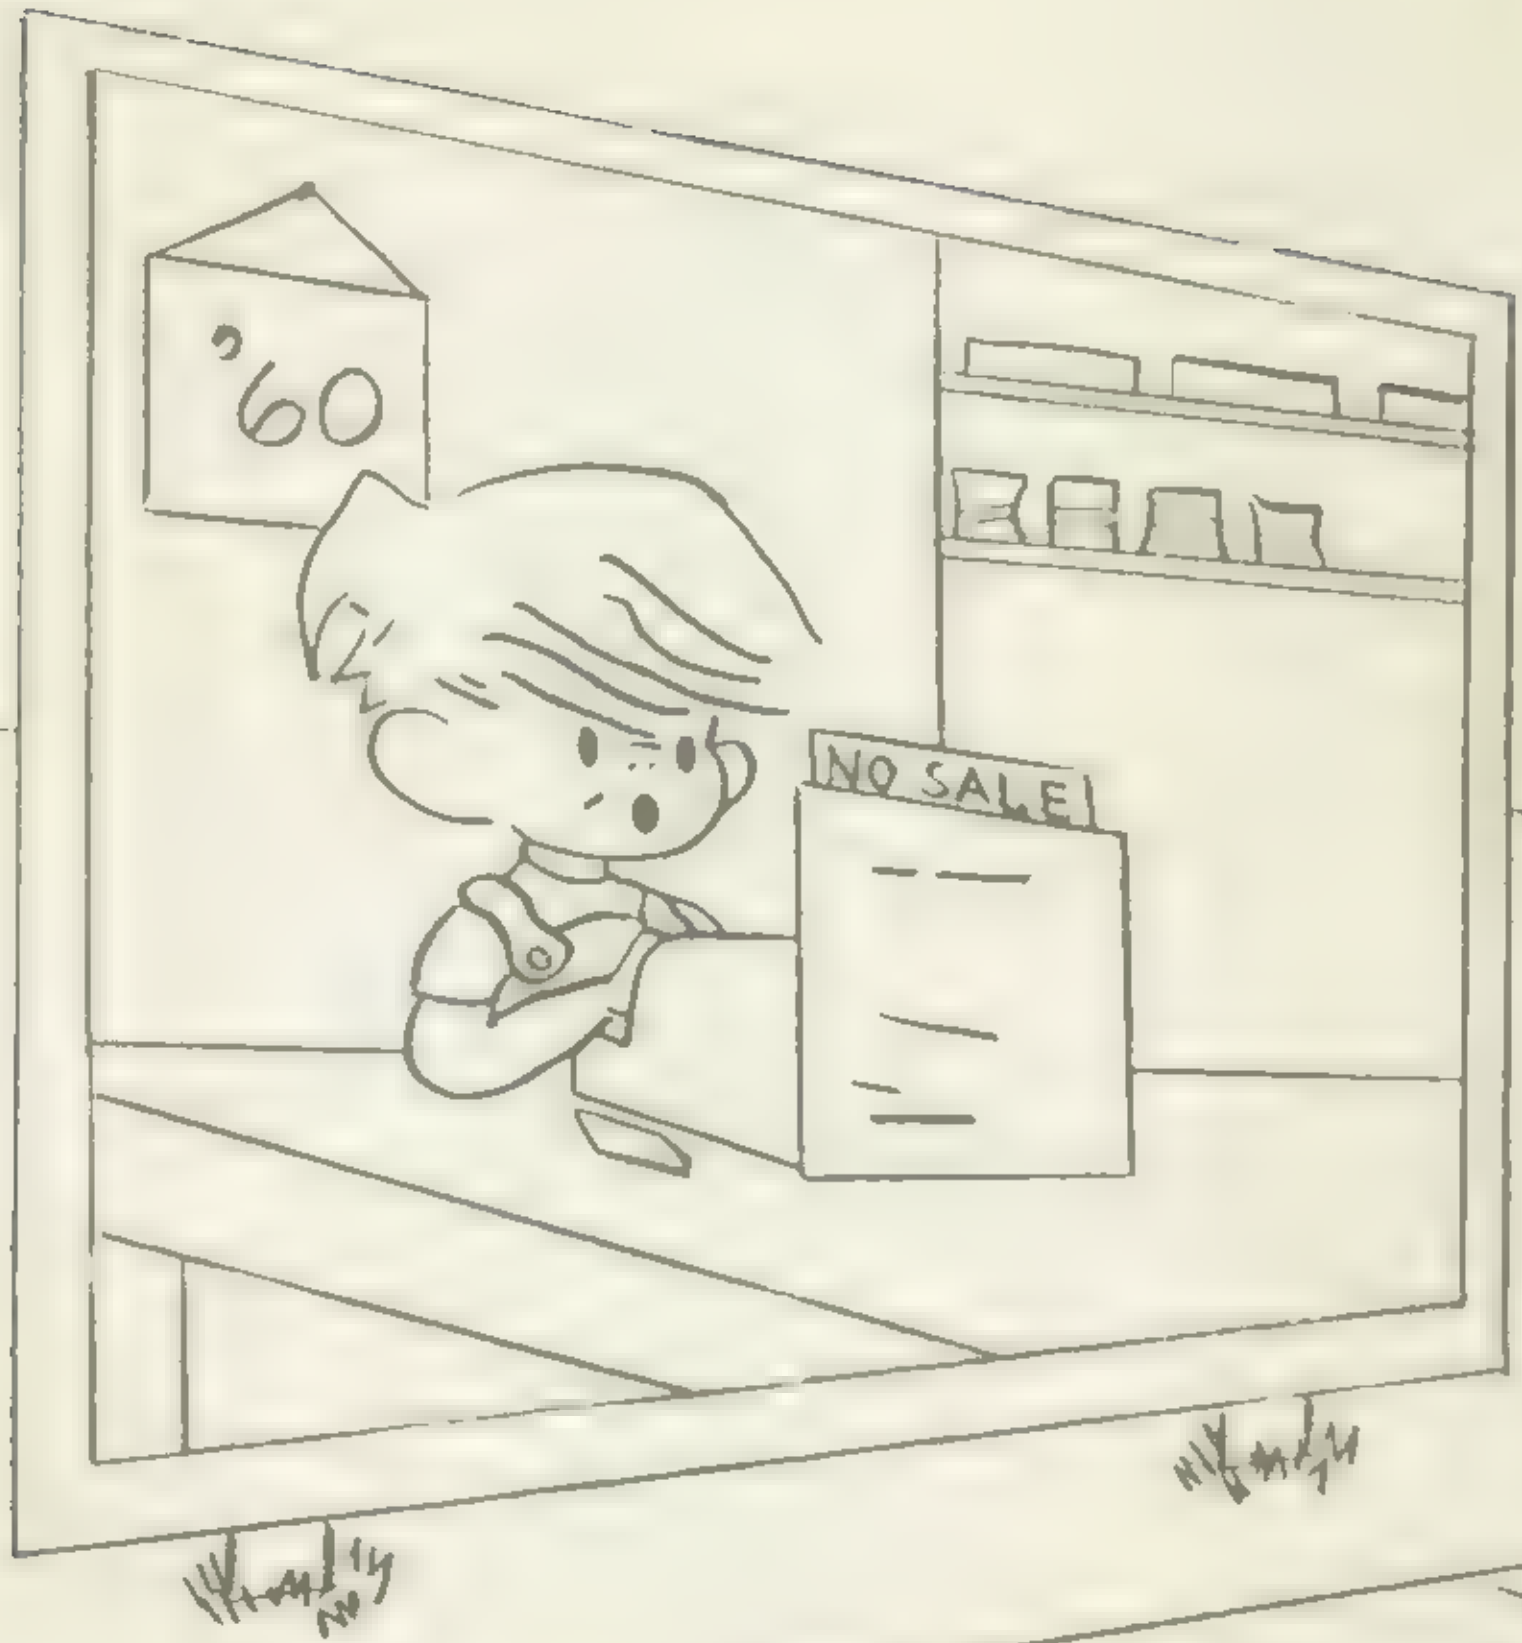

The Mayfield Central School was completed in the year 1939. The Class of 1940 was the first to graduate from the school. At the close of this school year, the graduating senior class numbered 23.

In 1941, 24 of us graduated from elementary school to start our junior high school career. The total enrollment for the year was about 700, and the graduating class remained at 23.

We entered high school in 1942. Our class had grown to include 73 members. The total receiving education enrollment had increased to 771 from a approximate enrollment of 775.

Now, we have reached our closing year of high school education. One of the most important things we have done is to change our high school to a Mayfield Central High School, a comprehensive school. Closed this year, it accepted students from the entire district. Present enrollment the largest student body Mayfield has ever experienced. Our graduating class has set a new high of 41, exceeding last year's class by 18.
